

**23rd Annual Education Conference  
June 21 – 23, 2019  
Hilton Daytona Beach Oceanfront Resort**

March 19, 2019

Dear Community Partner,

Thank you for being a friend to Florida's foster and adoptive children and their families. Each year, Florida FAPA hosts an exciting weekend for foster and adoptive families to receive specialized training and unique encouragement for their journey. Would you consider partnering with us to communicate that foster parents are valued and supported?

We are excited to share an opportunity for you to be a part of a tremendous conference for our families statewide.

In addition to the adult conference, we will provide a Leadership Conference for 100 youth ages 10-18! Providing a value-added experience for our youth with professional leadership mixed with a fun time for all. We have a superior team investing in tweens and NexGen teens during the weekend, ensuring they leave with vital skills and fun memories!

Your contribution will ensure all of the youth attending the conference this year are surrounded with stellar caregivers and mentors. While this is going on the adults will be involved in training to enhance their skills and learn new research to support their families. You have the opportunity to invest in the education and encouragement of an entire family.

Thank you for considering sponsorship of our Annual Conference including our youth Leadership Conference. Attached is a Sponsorship packet for your review. If you have any questions, please do not hesitate to contact: Trudy Petkovich, [petkovij@me.com](mailto:petkovij@me.com), 305-213-6627.

Regards,

Trudy Petkovich,  
Executive Director

## **How can your organization make a difference?**

Your organization can make a difference for those serving the needs of children and families by becoming a conference sponsor. Our sponsorship opportunities will specifically provide for child care and youth programming for the conference. We are one of the only state conferences that offers programming for children and youth while their parents are attending educational training. Our partners providing childcare and programming for our youth are uniquely qualified to support and encourage our kids. We hope you will consider this opportunity to encourage an entire family!
