FloridaFAPA Mini-Conference in Tallahassee Recap

February training mini-conference and quarterly meeting was a great success! Those in attendance gained valuable training hours and practical learning opportunities while connecting with other families from throughout the state. Topic included self-care, legislative updates and tips for meeting with your representatives, Conscious Discipline, and more. Did you miss it? Mini-Conferences are held twice a year in different regions of Florida and our Annual Conference (the big one!) is coming up in June 2019. Find out more: www.FloridaFAPA.org

Legislative Update

Representatives from FloridaFAPA are diligently working on making sure the voices of foster and adoptive parents are being heard. The two big issues are currently advocating for are childcare assistance for foster parents and protection of foster/adoptive parents information.
