After the devastating Hurricane swept thru the Florida panhandle in October, numerous foster families and child welfare staff were left with destroyed and damaged homes. As a partner entity in the Florida Coalition for Children (FCC), Florida FAPA worked to ensure that targeted needs for our families were met. Thanks to quality support from foster and adoptive parents who work for Big Bend Community Based Care, wish lists of critical items were created and fulfilled. Generous donations from Save the Children and Sunshine Health to FCC funded our families requests. On October, Florida FAPA sent some love and emotional support in the way of note cards from peers around the state.

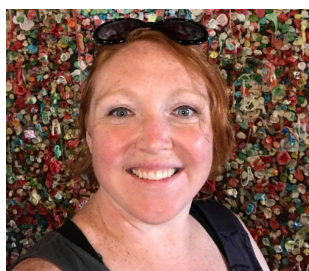

Recognizing that recovery efforts are ongoing, Florida FAPA continues to accept donations for our panhandle families
